**Von Josh Lanyon : I Spy Something Bloody (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised I Spy Something Bloody (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Love conflict with a little bit of thriller action as dessert.Von SunneNot what I had expected...I assumed it would be a little thriller, some action with a love conflict as a side dish.Well, actually the thriller part was the dessert, the love conflict the main course. And do I love Josh Lanyon's books? Oh yes, I do. He sucked me in, made me suffer, yearn and feel

hopeful and devastated. And he made me love Stephen so much. He is a good man, a mature man and he wants his life to be peaceful and content (yeah, let's settle for content because happy is no longer in the cards...he has lost his heart and every try to get it back, to heal what's left had only helped so far that we have to settle for content). Now his heart's desire is back in his life, forceful the entry, disturbing the recovery. And fear rules his emotions because he cannot trust again. Mark loves Stephen, he is his home, his North Star. But still he had been away for two years, tangled in obligations and circumstances. He knows he has no right to ask for Stephen to take him back but in his darkest moment he runs to him, searching refuge with the man he loves, his only home. We follow his recovery, his try to get a hold on his life again and to get Stephen back. Amazing was how we are able to follow Mark's thoughts, his emotions, his self contempt when he manipulates - against his better knowledge because he just can't help to say things he knows will have impact. His selfreflecting honesty made me like him very much. Lanyon writes....and I follow. All emotions are clear, the reader suffers and rejoices with the MCs. A sweet novella that deserves 5 stars. 0 von 0 Kunden fanden die folgende Rezension hilfreich. On her Majesty's secret service... Von sequelguerrier Lanyon keeps to his trusted pattern of matching a damaged character with a strong one except that here the damaged one is at least as physically strong as the strong one and quite a bit more deadly. How does a member of HM's most secret of secret services reconcile his 'work' and his PTSD with his wish to be with his partner? Come to that, how does the partner deal with the homicidal maniac who has come back ...

Kurzbeschreibung Espionage was always a game, but now British spy Mark Hardwicke wants to retire and settle down with ex-lover Dr. Stephen Thorpe -- if Stephen will have him. Unfortunately, Stephen has other plans -- and so do the terrorists who want Mark dead.
